SUBJECT: EPA Removal Candidates

After initial meetings with EPA regarding potential candidate sites for EPA removal actions, the Bureau of Planning and Assessment has finalized a preliminary list of five sites which we intend to submit to EPA. The Metro Enforcement Region has concurred on this submittal. Please advise us by December 20, 1988 if there is some reason we should not proceed.

B&C Towing	Newark
Ideal Cooperage	Jersey City
Healy-Muspyg	Newark
Turnpike Dump #5	Jersey City
Tidewater Baling	Newark

Additional requests for removal actions will follow as we receive both clearance from our enforcement regions and EPA's approval on a site by site basis. We will continue to bring to your attention sites which we intend to submit prior to doing so.
